Differences from Prompt Market

Immediate use of the AI environment
Users can use AI tools immediately without needing to prepare their own AI environment.

Protection of intellectual property rights
The knowledge and techniques of AI experts are properly protected, providing a safe environment for use.

Continuous value maximization
Continuous use maximizes the value of intellectual property rights instead of one-time downloads.

Easy sharing of improvements and feedback
AI experts and users can easily share improvements and feedback, enabling quick response and enhancement.

Introduction of a subscription model
Regular billing is possible for continuous use, enabling a stable revenue model.
